We operate the Early Years Free Entitlement Scheme where your child (age dependent) may be entitled to up to 15 free hours a week for a maximum of 38 weeks a year. It is your responsibility where your child claims at one or more settings to ensure that your child's free entitlement does not exceed the 15 hours per week, collectively, between the two settings that the child attends.

Any additional hours required will be charged at £4.50/hour.

If there is a sibling already in the school once your child progresses into Reception Class you will be offered a 5% discount on the subsequent child's annual school fees.
