

As a current parent of this school we would like to provide the following statement.

Our child has been with EPS since the inception of the Nursery some 5yrs ago. The schools commitment to the children and their education has been unfaltering. The latest Ofsted report is neither a true nor accurate representation of the commitment they provide and we have no intention of allowing anyone else to grow and build the foundations of our child's primary education, other than EPS.

Many thanks,

Mrs Charlotte Hammond
