Class:	Nursery	Term:	5	2021
--------	---------	-------	---	------

Dear Parents,

How lovely it has been to have all the nursery children back this week. We are gradually regaining some sense of normality in our routine and the children are really responding well to the activities and structure within our days.

Our topic this term will be The Five Senses and we will be exploring each sense a week at a time. To start off, this week we have been investigating the sense of smell with a fun smell identity activity. The children have had a selection of items to smell to see if they could recognise what they are. We have also played a 'Whose Nose?' game. Next week we will explore 'Taste'. It will be interesting to see who is brave enough to taste the different flavours to match them to the correct food!

We will continue with our phonics sessions and our transition to reception class sessions for those nursery children who will move up to our reception class in September.

As the weather warms up, we will be spending more time outside in the garden. Please send in some sun cream, for your child's own personal use, that can stay at school all term. We have sun hats at school and will make sure all children are protected when necessary.

When the children are busy it is inevitable that they sometimes have toilet accidents – they are having so much fun they leave going to the toilet just too late; for this reason, please ensure we have at least one change of clothes in nursery.

Here are some important dates for your diary:

- 21st June Whole school photograph (including nursery).
- 8th July Whole school & nursery transition day.
- 12th July Sports' Day (including nursery).
- 13th July Speech Day – does not include nursery but parents may attend if they wish.

Kind regards,

Mrs Hiller & Mrs Arrowsmith
